Patrick Weiland Named Superintendent's Student of the Month – January 2021

Our featured Student of the Month representing the month of January attends Southwest Elementary School and is in first grade. His teacher explains he is constantly working on improving his academics. Once upon a time, he did not look forward to learning. Now, he is always the first to class and never asks when break time is.

During independent work time, he gets an adult when it is time to do its Learning assignments. If he is finished, he shows self-control and reads a book or takes a brain break. He comes to class upbeat, passionate, and excited. During reading, he will volunteer to read informational text, which is an extremely difficult task for first graders. He has also inspired his teacher and the other students to dive into social studies. The class is now constantly asking questions about historical figures and periods of time.

We are proud to announce the Superintendent's Student of the Month for January 2021 is Patrick Weiland! Congratulations to our student, his family, and the faculty and staff of Southwest Elementary School!
