

Local School Wellness Policy Compliance Checklist

A Local School Wellness Policy is a written document that guides a school district's efforts to establish a school environment that promotes student's health, well-being, and ability to learn. Participation in the USDA National School Lunch and School Breakfast Programs requires compliance with Local School Wellness Policy requirements as written in 7 CFR 210.31. Full compliance with the requirements was due by June 30, 2017.

This optional checklist may be used to review and update your local school wellness policy to ensure compliance with all requirements. Local School Wellness Policy implementation will be reviewed during the Administrative Review process.
